- (4) The person's home state awards non-resident public adjuster licenses to residents of this state on the same basis.
- B. The commissioner may verify the public adjuster's licensing status through the producer database maintained by the NAIC, its affiliates, or subsidiaries.
- C. As a condition to continuation of a public adjuster license issued under this section, the licensee shall maintain a resident public adjuster license in his or her home state. The non-resident public adjuster license issued under this section shall terminate and be surrendered immediately to the commissioner if the home state public adjuster license terminates for any reason, unless the public adjuster has been issued a license as a resident public adjuster in his or her new home state. Notification to the state or states where non-resident license is issued must be made as soon as possible, yet no later than thirty (30) days of change in new state resident license. Licensee shall include new and old address. A new state resident license is required for non-resident licenses to remain valid. The new state resident license must have reciprocity with the licensing non-resident state(s) for the non-resident license not to terminate.

Drafting Note: If the state has adopted the PLMA, it may not be necessary to adopt this section. Rather, the state may want to amend its relevant insurance producer statute to include public adjusters.

The new public adjuster license shall be effective the date the commissioner receives the request for renewal and the late payment penalty.
- F. If the Department receives the request for reinstatement and the required lapsed license fee after sixty (60) days but within one year of the date the license lapsed, the Department shall reinstate the license prospectively with the date the license is reinstated. If the person applies for reinstatement more than one year from date of lapse, the person shall reapply for the license under this Act.
- G.
