

AGENDA & SPEAKER BIOS

Severe Convective Storms, Perils, and
Peaks, and Mid-Peril Insurance
Losses, and Budget Relevance

NAIC 2021 Spring National Meeting
April 13, 2021 | 10 am - 12 pm ct

While severe convective storms can happen at any time during the year, Spring marks the beginning of heightened levels of activity, as we have already witnessed in 2021.

Eryn Campbell is Research Library Manager at the NAIC where she

Ian Giammanco

**Senior Director of Product Design and Lead Meteorologist
Insurance Institute for Business & Home Safety**

Dr. Ian Giammanco is Senior Director of Product Design & Lead Meteorologist at the IBHS Research Center. His responsibilities include

Armand Broady
Product Developer
Insurance Institute for Business & Home Safety

Armand Broady is a product developer at IBHS, specializing in multi-media production, including live broadcasts. He holds a BA in Mass Communications from Francis Marion University. Armand joined IBHS in 2020 and has focused on developing products focused on supporting IBHS members' residential needs. Prior to joining IBHS, Mr. Broady was a teacher at South Pointe, High School in Rock Hill, SC and developed South Pointe's unique broadcast journalism program. During his career, he has spent time in as a print journalist, and at ESPN working in sports content research.

Tanya Brown-Giammanco, PhD
Managing Director of Research
Insurance Institute for Business & Home Safety

Dr. Tanya Brown-Giammanco joined IBHS in 2010 and is a managing director of research at the Research Center. She is the South Carolina Wind and Hail Underwriting Association hail chair at the lab. Her responsibilities include providing engineering leadership on hail, wind, water, and roofing-related research projects. Her research focus is on hailstone formation, hail impact testing, wind-flow characterization and testing, instrumentation, and field measurement and damage assessment studies. Prior to joining IBHS full-time, Dr. Brown-Giammanco was an engineering consultant for IBHS and LNSS & Associates.

Dr. Brown-Giammanco was a National Science Foundation – Integrative Graduate Education Training Fellow while completing her PhD in Wind Science and Engineering at Texas Tech University. Her dissertation topic was “Development of a Statistical Relationship between Ground-Based and Remotely-Sensed Damage in Windstorms.” While at Texas Tech, she was an instrumental member of their field research teams, leading a team in thunderstorm and tornado intercepts during VORTEX 2, participating in hurricane intercepts with the Texas Tech University Hurricane Research Team, and conducting numerous post-disaster damage assessments. Dr. Brown-

Vicki Schmidt
Commissioner
Kansas Insurance Department

Vicki Schmidt is a lifelong Kansan & Republican, born and raised in Wichita. She and her high school sweetheart, Dr. Michael Schmidt, MD, have been married 46 years. Vicki graduated from KU's School of Pharmacy and has worked more than 40 years as a local pharmacist. They made their home in Topeka, where they raised their two sons. They are also proud grandparents of three.

It was her experience as a pharmacist that drew her to run for the Kansas Legislature, where she served 14 years, including 12 as a member of the Financial Institutions and Insurance Committee and six as chair of the Public Health and Welfare Committee. On November 6, 2018, she was elected as Kansas Insurance Commissioner, with the largest vote total statewide. W

Andy Case
