DESCRIPTION OF CHANGE(S)

REASON OR JUSTIFICATION FOR CHANGE **

Upon review of 2018 Schedule F Part 3 filings, it has been observed that many filers reported reinsurance recoverable amounts due from Lloyd's of London Syndicates as being NAIC 6-Unratedharedore,

Since there are different reinsurance credit risk factors for collateralized and uncollateralized reinsurance recoverables, the stressed net recoverable should be offset by any available collateral, such as letters of credit, multiple beneficiary trusts, and single beneficiary trusts and other allowable offsets (not in excess of the stressed net recoverable). The collateralized amounts are derived from Schedule F Part 3 Column 32 and the uncollateralized amounts are derived fro current financial strength rating received from an approved rating agency as outlined in the table below. Ratings shall be based on interactive communication between the rating agency and the assuming insurer and shall not be based solely on publicly available information. If the reinsurer is unauthorized and does not have at least one financial strength rating, it should be assigned the "Vulnerable 6 or Unrated Unauthorized" equivalent rating. If the reinsurer is authorized and does not have at least one financial strength rating, it should be assigned the "Unrated Authorized Reinsurers" equivalent rating. Amounts recoverable from unrated voluntary pools should be assigned the "Secure 3" equivalent rating. An authorized association including incorporated and individual unincorporated
underwriters or a member thereof (e.g. individual authorized syndicates of Lloyds' of London that are backed by the Central Fund) may utilize the lowest financial strength r's, Moody's and Fitch ratings.
