DESCRIPTION OF CHANGE(S)

The proposed change would revise instructions and structure for the Affiliated Investments for all lines

MODIFIED: The Health and P/C instructions and blanks have been modified with an editorial change to clarify the examples provided in the Indirectly Owned Alien Insurance Affiliates/Subsidiaries section and add a footnote to the % Owned column in the blank

There are nine categories of affiliated/subsidiary investments that are subject to Risk-Based Capital requirements for common stock and preferred stock holdings. Those nine categories are:

1. Directly Owned U.S. Insurance Affiliates/Subsidiaries Subject to a Risk-Based Capital (RBC)-Look-Through Calculation
 - a. Health Insurance Company or Health Entity
 - b. Property and Casualty Insurance Company
 - c. Life Insurance Company
2. Indirectly Owned U.S. Insurance Affiliates/Subsidiaries Subject to RBC-Look-Through Calculation
 - a. Health Insurance Company or Health Entity
 - b. Property and Casualty Insurance Company
 - c. Life Insurance Company
3. Holding Company Value in Excess of Indirectly Owned U.S. Insurance Affiliates/Subsidiaries
 - c.5. Directly Owned Alien Insurance Affiliates/Subsidiaries
 - a. Health Insurance Company or Health Entity
 - b. Property and Casualty Insurance Company
 - c. Life Insurance Company
 6. Indirectly Owned Alien Insurance Affiliates/Subsidiaries
 - a. Health Insurance Company or Health Entity
 - b. Property and Casualty Insurance Company
 - c. Life Insurance Company
 7. Investments in Upstream Affiliate (Parent)
 8. Directly Owned U.S. Insurance Affiliates/Subsidiaries Not Subject to RBC
 - a. Health Insurance Companies and Health Entities Not Subject to RBC
 - b.

SSAP No. 97 provides guidance for the reporting and admittance requirements of SCAs. Accordingly, there may be cases where an indirectly owned Alien insurer may not be separately reported in the statutory financial statements (e.g., they are captured within the carrying value of an intermediate holding company). The SSAP No. 97 guidance permits reporting SCAs at the directly owned holding company level or via look-through to the downstream entity (including where the downstream entity is an Alien insurer), but an audit of the entity is required for admittance (i.e. if reporting is at the directly owned holding company level, the holding company must be audited, if the reporting is on a look-through basis then the downstream entity must be audited). Regardless of whether there is a look-through applied pursuant to Statutory Accounting Principles (SAP) for annual financial statement reporting, for RBC purposes the reporting insurer must “look-through” all intermediate holding and subsidiary companies to determine the carrying value and the RBC charge that would be imposed had the Alien insurance affiliate/subsidiary companies been directly held by the reporting insurer. This involves looking down to the first alien insurer affiliate/subsidiary, unless there is an RBC filer in between, and adjusting for percentage ownership of the intermediate entity directly owning the RBC filing affiliate/subsidiary. Both the RBC charge and carrying value of the alien insurer must be reported for RBC purposes, in order to appropriately balance the numerator with the addition to the denominator value. Enter the carrying value of the insurer on Line (6) of the Calculation of Total Adjusted Capital page to satisfy these instructions.

§ The portion of the AVR that can be counted as capital is limited to the amount not utilized in asset adequacy testing in support of the Actuarial Opinion for reserves.

There are nine categories of affiliated/subsidiary investments that are subject to Risk-Based Capital requirement for common stock and preferred stock holdings. Those nine categories are:

1. Directly Owned U.S. Insurance Affiliates/Subsidiaries Subject to a Risk-Based Capital (RBC)-Look-Through Calculation
 - a. Health Insurance Company or Health Entity
 - b. Property and Casualty Insurance Company
 - c. Life Insurance Company
2. Indirectly Owned U.S. Insurance Affiliates/Subsidiaries Subject to RBC-Look-Through Calculation
 - a. Health Insurance Company or Health Entity
 - b. Property and Casualty Insurance Company
 - c. Life Insurance Company
3. Holding Company Value in Excess of Indirectly Owned U.S. Insurance Affiliates/Subsidiaries
 - c.5. Directly Owned Alien Insurance Affiliates/Subsidiaries
 - a. Health Insurance Company or Health Entity
 - b. Property and Casualty Insurance Company
 - c. Life Insurance Company
 6. Indirectly Owned Alien Insurance Affiliates/Subsidiaries
 - a. Health Insurance Company or Health Entity
 - b. Property and Casualty Insurance Company
 - c. Life Insurance Company
 7. Investments in Upstream Affiliate (Parent)
 8. Directly Owned U.S. Insurance Affiliates/Subsidiaries Not Subject to RBC
 - a. Other Financial Entities without regulatory capital requirements
 - c. Other Non-financial entities

6. Indirectly Owned Alien Insurance Affiliates/Subsidiaries

For Indirectly Owned Alien. Insurance Affiliates/Subsidiaries, the carrying value and RBC charge is calculated in a similar manner as for directly owned Alien Insurance Affiliates/Subsidiaries.

SSAP No. 97 provides guidance for the reporting and admittance requirements of SCAs. Accordingly, there may be cases where an indirectly owned Alien insurers may not be separately reported in the statutory financial statements (e.g., they are captured within the carrying value of an intermediate holding company). The SSAP No. 97 guidance permits reporting SCAs at the directly owned holding company level or via look-through to the downstream entity (including where the downstream entity is an Alien insurer), but an audit of the entity is required for admittance (i.e. if reporting is at the directly owned holding company level, the holding company must be audited, if the reporting is on a look-through basis then the downstream entity must be audited). Regardless of whether there is a look-through applied pursuant to Statutory Accounting Principles (SAP) for annual financial statement reporting, for RBC purposes the reporting insurer must “look-through” all intermediate holding and subsidiary companies to determine the carrying value and the RBC charge that would be imposed had the alien insurance affiliate/subsidiary companies been directly held by the reporting insurer. This involves looking down to the first alien insurer affiliate/subsidiary, unless there is an RBC filer in between and adjusting for percentage ownership of the intermediate entity directly owning the RBC filing affiliate/subsidiary. Both the RBC charge and carrying value of the alien insurer must be reported for RBC purposes, in order to appropriately balance the numerator with the addition to the denominator value. Enter the carrying value of the insurer on Line **XXX** of the Calculation of Total Adjusted Capital page to satisfy these instructions.

The carrying value of an alien insurance Affiliate/Subsidiary is deducted from the value of the directly held holding company or other entity that in turn directly owns the U.S. Insurance Affiliate/Subsidiary that is subject to RBC, based on the value reported for each insurance subsidiary on the downstream immediate holding company or non-insurance owner’s balance sheet. That value is prescribed by the NAIC Accounting Practices and Procedures Manual (SSAP No. 97, paragraph 22.a.). A similar exercise is required for each non-U.S. insurer in order to determine the remaining excess value of the holding company.

The RBC charge to be applied to each indirectly owned alien insurance affiliate/subsidiary is the annual statement book adjusted carrying value of the reporting company’s interest in the affiliate/subsidiary multiplied by 0.500 and adjusted to reflect the reporting company’s ownership on the holding company. For example, assume NEWBIE Insurance Company acquired 100 percent shares of Holder (a holding company), and Holder owns an Alien Life Insurance Company, which represents 50 percent of the book adjusted carrying value of Holder. If Holder has a book adjusted carrying value of \$20,000,000, NEWBIE Insurance Company would enter \$10,000,000 (1/2 of \$20,000,000) as the carrying value of the Alien Life Insurance Company and the RBC charge for the indirect ownership of the aAlien insurance affiliate/subsidiary would be \$5,000,000 (0.500 times \$10,000,000). The risk-based capital charge for the parent insurer preparing the calculation is a 22.5 percent charge against the holding company value in excess of the indirectly owned insurance affiliates/subsidiaries.
