

COVID-19 PROPERTY & CASUALTY INSURANCE BUSINESS INTERRUPTION DATA CALL

PART 2 | CLAIM AND LOSS INFORMATION

2 & 7 2BE~~R~~020

Notes and Disclaimers Regarding Data Received

The purpose of the data call is to determine the relative size of the market and potential exposure for losses due to business interruption related to COVID

The data call was split into two parts. The data call sought total premium written for policies with business interruption coverage from all insurance groups and any individual insurers not part of a group that wrote business interruption coverage in 2019. The second part collected claims and losses from the same groups who reported in part one. Only those claims related to COVID with a business interruption component were requested to be reported.

The elements requested in part two of the COVID BI data call were: number of claims reported, claims closed with payment, claims closed without payment, paid losses and case incurred losses.

Claims and Losses Related to COVID means claims/losses in which a claimant has asserted a loss
