4. They are aware that the state insurance department(s) receiving the data may

Claims closed with payment where the claim was closed during the reporting period regardless of the date of loss or when the claim was received. The number of days to closure, however, should be measured as the difference between the date of the final payment and the date the claim was reported

The date an insured or claimant first reported his or her claim to either the company or insurance agent.

Coverage for travel originating and contained within the United States including travel directly to and from mainland United States to Hawaii, Alaska

А

lawsuit closed during the reporting period in which a court order, jury verdict, or settlement resulted in payment, benefits, or other thing of value, i.e., consideration, to the applicant or policyholder in an amount greater than offered by the reporting company before the lawsuit was brought.

The median value for all claims closed with payment

during the period.

Calculation for losses with one final payment date during the reporting period: Date the loss was reported to the company to the date of final payment.

Calculation for losses with multiple final payment dates during the reporting period: Date the request for supplemental payment received to the date of final payment (for each different final payment date.)

Exclude:

Subrogation payments.

Calculation Clarification / Example:

To determine the Median Days to Final Payment you must first determine the
