NAIC DRAFT PROPOSED CLIMATE RISK DISCLOSURE SURVEY

## THE PRINCIPLES FOR R

## SUGGESTIONS FOR POSSIBLE REVISION

- x In the Strategy section, consider separating into two parts the closed-end question #2, which currently reads: “Does the company provide products or services, or make investments, to support the low carbon transition or help customers adapt to climate risk? (This can include underwriting and/or investments.)” It would be more informative to have separate versions of the question that apply to underwriting and to investments (as is done in the Risk Management section of the draft survey, where closed-end question #4 refers to underwriting
