

HEALTHCARE EXTERNAL REVIEW MODEL ACT

What are the state pages?

This chart is intended to provide readers with additional information to more easily access state statutes, regulations, bulletins or administrative rulings related to the NAIC model. Such guidance provides readers with a starting point from which they may review how each state has addressed the model and the topic being covered. The NAIC Legal Division has reviewed each state's activity in this area and has determined whether the citation most appropriately fits in the Model Adoption column, Previous Version column, or Related Activity column based on the definitions listed in the key below. The NAIC's interpretation may or may not be shared by the individual states or by interested readers.

How do you use them?

States and territories are listed alphabetically in the chart. Locate the state or territory you are interested in, and depending on which column the citation falls under, you will know whether the NAIC Legal Division has deemed a state's law to be adoption of a model or not. To perform further research, use the citations to locate state

~~This chart does not constitute a formal legal opinion by the NAIC staff on the provisions of state law and upon as such. Nor does this state page reflect a determination as to whether it meets any applicable accreditation standards. effort has been made to provide correct and accurate summaries to assist readers in locating useful information. state law for further details and for the most current informat~~

STATE PAGE KEY

MODEL ADOPTION States that have citations identified in this column adopted the most recent version of the NAIC model in a **substantially similar manner**. This requires states to adopt the model in its entirety but does allow for variations in style and format. States that have adopted portions of the current NAIC model will be included in this column with an explanatory note.

PREVIOUS VERSION States that have adopted a previous version of the model. The version number is indicated in parentheses.
