SUBJECT: State Legislator Program at NAIC 2024 Fall National Meeting (Nov. 16-17)

Each year, during a designated national meeting, the National Association of Insurance Commissioners (NAIC) organizes an in-person program for state legislators and state government officials across the country to connect with one another, learn more about the NAIC's role in supporting state-based insurance regulation, and discuss regulatory and policy developments at the NAIC and in the states.

We are excited to share that the NAIC's 16th Annual State Legislator Program will be held during the NAIC 54th Annual Meeting. If you have any questions, please contact Taylor Walker at twalker@naic.org or call 800-541-3866.
